THE IRON HORSE

"A Tavern In Olde Seattle"

311 - 3rd Avenue South
MU 2-4243

Join us for a sandwich and a beer. Kitchen open 'til midnight daily.

OPEN 9 AM - 2 AM Monday-Friday
5 PM - 2 AM Saturday

Railroad sounds, pictures, slides, and operating model trains. Special model night on the third Friday of each month.

Well, here it is: THE NEW KRAB PROGRAM GUIDE! Yes, Virginia, the old guide is dead. LONG LIVE THE GUIDE! Yes, it is smaller (lower and longer, too) and it does have less information, but it is all with good reason. KRAB has been losing a thousand dollars a month, not even counting the cost of building our new offices and studios. The new format will have perhaps a third less information, but considering the fact that it is one-quarter the space and will cost us about two thirds less we feel it is a wise economy and not too austere for our dear sweet listeners (THAT'S YOU, SWEETIE!).

RADIO APOPLEXY CONTINUES The myriad transmitter failures, misplaced programs, assorted discontinuities are due primarily to our current physical quandry: we still have our studios located at the old donut shop on Roosevelt Way while our offices are semi-located amidst clouds of dust and with the soft purr of Skisaws in the background at the old FIRE STATION # 25 at 1406 Harvard Ave. on Capitol Hill, just up from Pike and Pine.

Our carpenter has to drop from full to part time, so we are in need of another full time carpenter. Unfortunately, we can't pay much, but we can pay, which is something of a novelty for KRAB. If you are interested or know someone who might be, call us at 325-5111 during the week between 10 a.m. and 6 p.m. Salary is negotiable and dependent upon ability and experience.

For all of you who have given to KRAB in recent months, you have our special thanks. Your faith will not go unrequited. If we get a new carpenter we will be under one roof within six weeks and our new power boost and move to glorious stereophonia from high atop Cougar Mountain should take effect in December. Hang in there!
